FROM:

Mr. Eric Ciminski, AOC e-Court Services Project Director

SUMMARY:

Eric Ciminski will brief members on a proposed, initial price model for remote public access to court case documents. ACJA 1-604 (C)(4)(b)(1) directs the COT to recommend the setting of fees and disbursement of revenue to the Arizona Judicial Council (AJC). The AJC then recommends the setting of fees and disbursement of revenue to the supreme court.

STAFF RECOMMENDATION:

In the absence of data regarding demand for the new services at various prices, staff recommends that an initial price structure for document access be set and the matter be revisited after some historical data exists.

ACTION OPTIONS:

MOTION – In consideration of the submitted request for recommended document access fees:

1. Approve the pricing model as presented.
2. Approve the pricing model with changes as documented.
3. Table the request for consideration of the pricing model until a later time and provide direction on how to proceed in the interim.
